New York Stock Market

NEW YORK, November 29.—A struggle against the forces of reaction was perceptible in the stock market speculation to-day, which was overelandowed, however, by the lowering prospect of the approaching session of Congress and the fears of the legislative program on the trust problem. Suggestions of a reopening of the taniff revision question at the coming session also had their effect. In the light of the Standard Oil decision and the serious consequences for corporations involved in the government's powers there affirmed further procedure in the direction of combinations is made a matter of grave concern. The copper group continues to reflect most closely the mutations of feeling on the subject.

A violent decline in the price of copper warrants occurred in the London market to-day. The demand from consumers which was stimulated when an agreement to restrict production seemed imminent, is restrained again, and the whole trade suffers in consequence.

The vicinstitudes of the prosecution

an agreement to restrict poots and seemed imminent, is restrained again, and the whole trade surfers in consequence.

The vicissitudes of the prosecution of the American Sugar Refining Company were reflected in the fresh liquidation in that stock to-day down to 118 5-8, the lowest price level of the year. Another restraining influence on speculation is the belief that the time for relaxation of the money market may be deferred. The continued witedrawals of gold for shipment both to South America and Canada are significant of the continued control of the local gold supply by London bankers. This is ascribed pertly to the maturing of leans from foreigners to New York borrowers, and which are called for payment instead of being renewed. The strengthening effect of Wabash 'deal' rumors, the Rock Island's sale of St. Louis and San Francisco and the repetition of Reading 'melon' rumors proved unavailing in face of these factors of discouragement. The professional hear party grew rapidly in the course of tic day and found the market increasingly vulnerable as the attacks gained in boldness. The result was a closing in some disorder, with prices rapidly deciding and showing losses from 1 to 3 polats and upwards all through the list.

Bonds were irregular. Total sales, par value, \$4,155,000. United States 4's, coupon, declined 1-4 and the resistered 2-8 per cent. on call.

Total sales of stocks to-day were \$99,500 shares.

Total sales of stocks to-day were \$993,500 shares.

NEW YORK, November 28,—Money on call firm, 4 1-265 per cent.; ruling rate, 4 3-4; closing bld, 4 7-8; offered at 5 per cent. Time loans slightly easier, sixty days, 4 3-4 965 per cent, sand ninety days, 4 3-4 per cent, six months, 4 1-264 3-4 per cent, six months, 4 1-264 3-4 per cent.

Close: Prime mercantile paper, 565 5-12 per cent. Sterling exchange firm, with actual business in bankers' bills at \$4.84654.8410 for sixty-day bills, and at \$4.8765 for demand, Commercial, bills, \$4.83684.83 3-4. Bar sliver, 51. Mexican dollars, 43.

ters or of renewal notes. He tostified that he had the beportunity at all times to examine the discount register and all the books of the bank, but did not do so. He did not know the mill was running at a loss, but thought it was worth \$500,000, and the security behind the notes to the insurance company was good. W. A. Biair, J. W. Scott and h.mselr were the loan committee of the insurance company, which took the notes of the mill, with collateral, which were discounted by the bank. Thompson, Lindley and self were directors in the bank and in the insurance company.

On re-direct examination the witness said he never knew the mill was running at a loss nor scrutinized the entries in the official bank report to the comptroller, simply glancing over the paper and signing the document "on faith".

He was sued by stockholders for liability to them as a director of the bank for money they had lost.

W. E. Allen, of the Green-boro Loan and Trust Company, was introduced by the government to show that it was not the custom of banks to report only direct loans in the return of loans exceeding the limit, but on objection by defense this was ruled out by Judge Boyd.

Clarence Watkins, called as witness for the government, being absent was fined \$50.

Charles F. Cline, who had already been on the stand two days, was recalled by the government, and was being examined as to overdrawn accounts to the bank when court adjourned, pending his further examination of the books.
